Do you see the _____?
Come on and let me show you
All the _____, can you see them
Always pretty, always the same
Always pretty, let me explain!

There is red red red
The color of _____
They're growing my garden
the veggies I love the most!

There is orange orange orange
The color of the _____
The world wakes up
Come on open your _____!

And there is yellow yellow yellow
The color of the ____
Let's go out and play
We wanna have some ____!

And there is green green green
The color of the _____
The forests and the leaves
So beautiful for you and me.

There is blue blue blue
The color of the ____
The deep blue ocean
It's beautiful, you see?

There is violet violet
The color of _____
I love the great smell
From April till _____
